Canon

imageRUNNER ADVANCE C475 III series

PRODUCTIVITY

- High speed scanning at 50ipm (simplex) and 100ipm (duplex)
- Accelerated data digitisation with rapid single pass scanning (DADF) and smart media handling capabilities such as multi-sheet feed detection
- Scan and convert documents to Searchable PDF, Microsoft® Word, and Microsoft® PowerPoint
- Eco recovery modulates the sleep recovery mode to increase speed
- Motion sensor technology wakes device from sleep mode
- Blank pages are automatically removed when scanning
- Paper reloading is stress-free, with a stacking capability up to 2,090 sheets
- Devices support industry standards such as Apple Airprint® and Mopria®
- Workflow efficiency is improved by the addition of the timeline feature to remember previous user settings
- Enable guest printing with Direct Connection

SECURITY

- Verified system at start up processes protect office environments from unauthorised application modifications
- Syslog functionality provides real time security information which can be analysed by a capable third-party SIEM solution
- Certificate auto enrolment helps you centrally manage the security certification of your fleet
- Protect sensitive business information with automatic encryption of data on the device's Hard Disk Drive, as standard
- Choose from device-based or cloud-based authentication, without the need for an additional server, with uniFLOW Online Express
- User management allows functions to be disabled, to prevent unauthorised usage
- Enhance document confidentiality with Secure Print
- Ensure information privacy and security across your office network with IPsec, port filtering capabilities, and SSL technology

MAINTENANCE

- New all-in-one cartridge-based system makes maintenance easy
- Toner bottle, drum unit, developer and waste toner container are integrated in one
- Automatic winding mechanism means replacements can be made, mess-free and without a technician
- Reduce downtime, with easy toner replacement in under a minute
- Designed to achieve maximum uptime with intuitive user maintenance videos and status notifications, for quick installation and replacements

USER EXPERIENCE

- Intuitive user interface (UI) provides a large, 10.1 inch responsive colour touchscreen with smartphone-like usability
- Enhanced Home UI streamlines user workflows by enabling users to select various settings from a single menu
- Execute jobs in one-touch with individual "My button" at the top of the screen
- Set customised address books and personal settings for batches on multiple devices
- Quiet finishing provides less interruptions to workers, keeping employees productive
- Remote diagnostics and assistance help reduce costs by minimising downtime

INTEGRATION

- Third generation devices integrate seamlessly to existing networks - for example, security authentication can be aligned to customer preferences
- uniFLOW Online Express provides extensive tracking and reporting capabilities
- Integration of uniFLOW Online Express with existing devices allows printing and scanning from anywhere, subject to user authentication
- Collaborates with various business applications and external systems, such as Google Drive™, Evernote® and Dropbox in the cloud
- Temporarily hold print jobs and pass them to other devices with uniFLOW Online Smart Client "MyPrint Anywhere" capabilities
- Canon's MEAP platform provides process optimisation, by integrating with a range of powerful document, capture and output management solutions such as uniFLOW*
- Future version upgrades allow additional functionality to be integrated via the Unified Firmware Platform

MOBILE CONNECTIVITY

- Work more freely, with mobile terminals that don't need to be tethered to internal networks
- Output data and input scanned data via the Canon PRINT Business app on mobile
- Connect via Wi-Fi, NFC or BLE

UNIFIED FIRMWARE PLATFORM

imageRUNNER ADVANCE GEN 3 3rd Edition is a range of intuitive multifunction printers that streamline workflow efficiencies, whilst providing maximum security for your business. The Unified Firmware Platform (UFP) ensures that the latest feature upgrades and protection are available, for an enhanced user experience across the entire portfolio.

QUICK FACTS

- **Format:** Colour A4
- **Paper input Capacity:** 2,090 sheets
- **Finishing Capabilities:** Collate, Group, Finisher Model: Collate, Group, Offset, Staple

- **A4 Colour Print Speed Range:** 47 ppm
- **Scan Speed:** simplex 50ipm/duplex 100ipm

- **Print Languages:** UFRII, PCL6, Adobe PostScript 3
- **Direct print:** From USB memory, Advanced space, Remote UI and Web Access
- **Print Resolution:** 1,200 x 1,200 dpi
